

Specification Sheet

Sorbent Pad - Oil Only - Heavy Weight

Product Code: 06-1001

Product Features

Whenever there's a spill, it's important to get it sorted out quickly. These hydrophobic pads will effortlessly absorb oil and other hydrocarbons while leaving every drop of water behind. (Genius!)

We strongly recommended them for workplaces of all sizes. And for everything from forecourt petrol spills to marine use and cleaning sumps in spill pallets.

With the environment upmost in mind the sorbent pad's capacity isn't wasted on rainwater, or seawater, and the potentially hazardous substances are removed without any hassle. Top products!

Also available in light weight and super weight.

Features

- Mops up oils, fuels and solvents - not water
