

Specification Sheet

Mineral Sponge - 14kg

Product Code: 12-1001

Product Features

Absorbing up to an impressive 15L, this 14kg bag of Mineral Sponge is a serious hydrocarbon and chemical spill-absorber.

Easy to deploy, by sprinkling over the spill, it works quickly soaking up liquids and absorbing vapours and odours. Then it's just a matter of sweeping it up.

Recommended for industrial, manufacturing, and lab workplaces, it is practical and reliable, providing protection for workers, the workplace, and our environment.
